

New England School of Fine Art
***Celebrate Spring
Drawing Class***

APRIL 29 – JUNE 10, 2025

Now that temperatures are warming, come celebrate your creative side by learning to draw a range of iconic spring images! This class will cover drawing principles and techniques to create dynamic drawings of spring themed animals, flowers, figures and nature. Reference photos will be provided for students in a range of subjects or students may bring in their own reference images. Students are welcome to work in either graphite or charcoal and we will also explore methods to add a touch of color to your drawings. Learning to draw is a wonderful way to learn to see the world and also will improve any other artistic endeavors such as painting.

Returning students are welcome to work on their own independent projects if they prefer.
