

New England School of Fine Art presents

Portrait Drawing

from Photos

in both Graphite & Charcoal

Learn to draw realistic and expressive portraits in both graphite and charcoal in this 10-week course! Students will learn how to measure and construct basic facial proportions and features, capture a likeness/expression and how to recognize and take good reference photos. Students will work from provided photos or from their own reference photos. One class will have a live model. If you have ever been interested in learning to draw realistic portraits and capture both likeness and expression this is the class for you!

Returning students who have taken Drawing Fundamentals are welcome to join the class and work on their own independent projects.

Instructor: Jennifer Behymer

Our fabulous NESFA instructor, Jennifer Behymer, shares with you her knowledge and passion for portraiture. Check out her work at <https://www.jenniferbehymmer.com/>

Dates: Tuesdays, January 14- March 25, 2025 (10 weeks)

No class of February 4th.

In the case of inclement weather, class may be canceled. Students will be notified via email. Canceled classes will be added on at the end of the term.

Time: 4:00 – 7:00 PM

Level: Beginner through advanced

Cost: \$300 per person
