

Two Day Portrait Painting Workshop with Artist Carol Arnold

February 23 & 24, 2018

Putney painter and award winning artist, Carol Arnold will be offering a two-day portrait workshop for all levels. Carol will begin both days with a teaching demonstration followed by plenty of one on one instruction to artists as they paint from the live model. Students in the class will explore the importance of knowing what they want to say about their subject before beginning a painting and then focus on learning how to ask the right questions to get the right colors, values, edges and drawing to become more competent in executing their vision.

Carol's goal is to make this fun and inspiring, I hope you can attend!
